LOCAL EMERGENCY PLANNING COMMITTEE APPROVAL:

On behalf of the LEPC, I certify this body has reviewed this grant application and agrees to abide by the Federal and State procedures which are related to the acceptance of funds.

Signature of LEPC Chair

Date

GOVERNING BODY APPROVAL: (i.e. County Commissioner, County Manager)

The LEPC has the approval to apply for funding through this grant.

Signature of Governing Body

Date

Larry Rackley, County Commissioner
Print Name and Title

I. GOALS:

Tell the SERC what you want to accomplish with this grant. Provide a separate discussion of each goal and justify its need towards the prevention, mitigation and/or response to hazardous materials incidents involving transportation. The goals are general statements of desired results and identify intended outcomes and results the program has established to achieve with these funds.

Click inside gray box to begin typing

The goal for this grant is to provide training to all Pershing County volunteer fire departments in order to improve their ability to respond to propane emergencies. Propane is the most prevalent heating source in this rural county and major source of HAZMAT for our fire departments.

II. OBJECTIVES:

How do you plan to achieve the goals listed above? Include specific uses of this grant funding to prevent, mitigate and/or respond to hazardous materials incidents involving transportation. Objectives focus on the methods/activities to be used to achieve the goals they support.

Answer these questions in each objective:

- ✓ **WHAT** will be done with these funds?
- ✓ **WHO** is responsible for making arrangements and payments for the activities of this allocation?
- ✓ **WHEN** will the activity be implemented?

Click inside gray box to begin typing

What: Fund training by Responder Training, a specialized training organization, to provide "Propane Response – 101 to Advanced Tactics."

Who: The Pershing County Emergency Manager, Sean Burke, will arrange the training schedule, payment and all necessary logistics to provide this training to all four Pershing County volunteer fire departments.

When: This training will be conducted in the first or second quarter of calendar year 2023, pending weather and scheduling availability of the trainer and firefighters. The training unit must be transported from the Mid-West, so permissive weather enabling safe road transport is a must. The precise schedule will be locked down if / when the grant is approved.

Per the SERC notification of this mid-cycle opportunity, this specific training has been approved previously and is on the "authorized list," as it is proprietary and "one of a kind" training.

III: BUDGETS:

Training:

All training requests must first be made through the State Fire Marshal's office (SFM) and the Department of Emergency Management (DEM). If the SFM or DEM declines the training, the request may be included in the grant application along with the letter of declination.

All expenses must be itemized. State per Diem rates (which generally follow the federal GSA rates; <http://www.gsa.gov>) will prevail unless local/negotiated rates are less. Hotel receipts are required for all lodging reimbursement requests, including in state lodging. Meals included in registration fees will not be reimbursed. Travel eligibility requirements and rates are further defined in SERC policy 8.5.

Requests for a consultant/contractor to provide training must be accompanied by at least two competitive bids. The bids must include an itemized quote and detailed scope of work from the consultant/contractor.

If a privately owned vehicle is used for agency convenience, mileage may be reimbursed at the State rate, currently 575 cents per mile. If a personal vehicle is used for personal convenience, the reimbursement allowed is 2875 cents per mile. If an agency vehicle is used, reimbursement may be made for fuel charges based on receipt or agency fuel logs. Airport parking and ground transportation expenses are reimbursable upon presentation of receipts. Rental cars must be pre-approved by the SERC. All travel expenses are based on GSA rates and guidelines as well as the Nevada State Administrative Manual and mileage is based on the maximum allowed with the State of Nevada during the grant period of potential awards.

IV. BUDGET NARRATIVE

This is an explanation of the line items identified in each category. The budget narratives must explain the use of the requested grant funds. Budget narratives must be included for each category for which there is a request for items/services. Justify the relationship between the items listed within each category and the goals and objectives of this grant request. The budget narratives must tie each item requested to the goals and objectives of this project.

Planning Services -

Explain the basis for selection of each consultant or conference attendance and describe how the activity to be provided is essential to achieving established goals.

Click inside grey box to begin typing

None.

Training -

Explain the purpose of the training and/or the consultant/contractor and how it relates to achieving established goals. Provide location of training, duration, itemized transportation and per diem expenses. Attach a copy of the letter of declination from SFM and DEM.

Click inside grey box to begin typing

Propane Response – 101 to Advanced Tactics consists of 4 hours of classroom for up to 25 students to include discussions of propane properties, venting, flaring, water injection, vehicle orientation, plumbing / piping, valving, weight issues, pressure management, transport options, pressure gauge verification, liquid volume and temperature control. Then, using the company's one-of-a-kind mobile full flow, full pressure training props, students will participate in up to 4 hours of practical evolutions. Since propane is the predominant heating type in this rural county, and there are several propane delivery companies that employ over-the-road delivery trucks and also have fixed facilities, this training will be instrumental in building the necessary knowledge and skills to safely respond to a major potential HAZMAT threat in Pershing County.

- O) The applicant fully understands the SERC has the right to suspend, terminate or de-obligate grant funds to any grantee/sub-grantee that fails to conform to the requirements or the terms and conditions of its grant award and/or non-compliance.
- P) **LOBBYING** - No grant funds appropriated will be paid, by or on behalf of the grantee/sub-grantee, to any person for influencing or attempting to influence an officer, employee, or a member of Congress, or an officer, employee, or any member of the Nevada State Legislature.
- Q) Project related income, (i.e., registration fees, royalties, sales of real and personal property) must be used for the purpose of furthering the goals and objectives of the project or program from which the income was generated. Interest earned must be returned to the SERC.
- R) All activities and purchases utilizing any SERC administered sources of funding must comply with all local, state, and federal laws and regulations as well as grant specific requirements. It is the responsibility of sub-grantees to be familiar with any such laws, regulations and requirements.
- S) Applicant understands that an updated addendum to the grant may be required based on the federal guidelines between now and the time of the award documents based on requirements for State of Nevada or the federal sponsoring agency.

The applicant acknowledges receipt of these Certified Assurances and hereby assures adherence to all the above conditions of a grant award from the SERC.

LEPC COMPLIANCE CERTIFICATION

The following requirements must be met by the LEPCs for compliance with federal, State and SERC laws, regulations and policies and procedures. This checklist must be completed, signed and returned annually by March 31, even if the LEPC is not a recipient of grant funds.

A check mark in the squares on the left will indicate a YES response.

- ☒ Have changes in the LEPC Bylaws and Membership list been submitted to SERC?
- | | | |
|------------------------------------|-----------------|----------------------|
| Bylaws reviewed/updated - | Date: 12 Jan 22 | Submitted: 13 Jan 22 |
| Membership list reviewed/updated - | Date: 12 Jan 22 | Submitted: 13 Jan 22 |
- ☒ Have LEPC meetings been held, at a minimum quarterly, and have agendas and minutes of all meetings, including special meetings, been forwarded to the SERC?
- ☒ Has the LEPC submitted all required reports which summarize the financial management of the active grants (i.e., copies of invoices and verification of expenditures)?
- ☒ Has the LEPC reviewed and updated its hazardous materials emergency plan (or hazmat portion of the jurisdiction's "all hazards" plan), NRT-1, Level of Response Questionnaire and Letter of Promulgation within the last year? Have the review results and updates been submitted to the SERC in writing along with a copy of the LEPC meeting minutes documenting review of the Plan by January 31st?

(Enter "0" if funding is requested for planning activities without an associated number of participants such as plan updates and commodity flow studies).

Activity Description and Justification:

What do you want to accomplish with this grant. Provide a separate discussion of each goal and justify its need towards the prevention, mitigation and/or response to hazardous materials incidents involving transportation. The goals are general statements of desired results and identify intended outcomes and results the program has established to achieve with these funds.

The goal for this grant is to provide training to all Pershing County volunteer fire departments in order to improve their ability to respond to propane emergencies. Propane is the most prevalent heating source in this rural county and major source of HAZMAT for our fire departments.

How does this further your organization's program mission?

Include specific uses of this grant funding to prevent, mitigate and/or respond to hazardous materials incidents involving transportation. Objectives focus on the methods/activities to be used to achieve the goals they support.

Propane Response – 101 to Advanced Tactics consists of 4 hours of classroom for up to 25 students to include discussions of propane properties, venting, flaring, water injection, vehicle orientation, plumbing / piping, valving, weight issues, pressure management, transport options, pressure gauge verification, liquid volume and temperature control. Then, using the company's one-of-a-kind mobile full flow, full pressure training props, students will participate in up to 4 hours of practical evolutions. Since propane is the predominant heating type in this rural county, and there are several propane delivery companies that employ over-the-road delivery trucks and also have fixed facilities, this training will be instrumental in building the necessary knowledge and skills to safely respond to a major potential HAZMAT threat in Pershing County. **What:** Fund training by Responder Training, a specialized training organization, to provide "Propane Response – 101 to Advanced Tactics." **Who:** The Pershing County Emergency Manager, Sean Burke, will arrange the training schedule, payment and all necessary logistics to provide this training to all four Pershing County volunteer fire departments. **When:** This training will be conducted in the first or second quarter of calendar year 2023, pending weather and scheduling availability of the trainer and firefighters. The training unit must be transported from the Mid-West, so permissive weather enabling safe road transport is a must. The precise schedule will be locked down if / when the grant is approved. Per the SERC notification of this mid-cycle opportunity, this specific training has been approved previously and is on the "authorized list," as it is proprietary and "one of a kind" training.

Does this activity replace an item included in the approved application? If yes, what activity is being replaced and why?

No.

HUNT & SONS, INC.

A FAMILY-OWNED COMPANY PROVIDING EXCEPTIONAL SERVICE SINCE 1946

In partnership with:

Pershing County
NEVADA

i ABOUT US

Hunt Propane is a family-owned company that understands and appreciates its customers while offering very competitively priced propane and propane products. As the areas highest rated propane company, Hunt is pleased to provide excellent customer service to Alpine County's School District, Boreal Ski Resort many more! Safety and customer satisfaction is our #1 priority, and we would like you to be part of the Hunt family!

i Customers Current Propane Situation and Concerns

- Pershing County Emergency Management is needing 200 gallons of propane and cylinders for training.

i Proposed Solution

- Hunt will provide cylinders and propane for the event.

i Pricing

- Hunt Propane will charge *ZERO installation fees for the replacement and installation of ALL existing tanks.
- Hunt Propane will charge \$2.39 for propane x 200 gallons for a total cost of \$439.00.
- Hunt will charge ZERO delivery fees to the County.
- Hunt will charge ZERO rental fees for all the equipment.

Water Injection Training Prop

Training brought to you

Updated: Sunday, January 21, 2018

RESPONDERTRAINING.COM

Our mobile training prop provides multiple training opportunities including:

Bobtail simulator prop

- Water injection (Spray Fill)
 - Dual liquid leak options
 - 1 1/4" and 2" internal
- Vapor out
 - Excess flow valve training
 - Flaring
- Bobtail Tank volume
 - Horizontal liquid level gauge
 - Roto-Gauge
- Emergency shutoff control options

Residential tank prop

- Multivalve
 - POL
 - Vapor connection (1-1/4" ACME vapor return)
 - Liquid fill (1-3/4" Double-Check Fill Valve)
 - Liquid level (spit tube)
 - Vertical liquid level gauge
 - Pressure gauge
 - 3/4 inch NPT liquid out (plugged) w/excess flow
- Two liquid withdrawal options
 - Top (1-3/4" Double-Check Fill Valve)
 - Bottom (1-3/4" Double-Check Fill Valve)

RECEIVED

- Bobtail Tank volume (horizontal liquid level gauge) [3]

- Emergency shutoff controls [4] 1-1/4" drain [5]
- Liquid leak options [6]
 - 1 1/4' and 2" internal
- 1-3/4" Double-Check Fill Valve [7]

- Roto-Gauge [8]
- MC331 Transport piping

- Pneumatic Valve/Emergency Control

5

Residential Tank prop

Multivalve

- POL with shut off valve [A]
- Vapor connection (1-1/4" ACME vapor return) [B]
- Liquid fill (1-3/4" Double-Check Fill Valve) [C]
- Liquid level (spit tube) [D]
- Pressure gauge
- Liquid port (E)

POL (Prest-O-Lite) port

Adapter connected. Valve in closed position

Vapor connection [B]

1-1/4" ACME vapor return connector (#ME 141)

Liquid fill connector [C]

- The 1 3/4" ACME male hose connection of the Multivalve is used to fill the tank.

Liquid fill connector [F]

- The #3121 threads directly onto the 1 3/4" ACME male hose connection of the Multivalve.

Unloading adapters can be used to withdraw vapor or liquid provided the container is equipped with a dip pipe extending from the filler valve to the bottom of the container (this prop does NOT have a liquid withdrawal pipe in this location).

Liquid fill and Vapor Out

Double-Check Fill Valve, L7579 Fill/Vapor withdrawal Top of tank

- Double back check provides added system protection.
- Both checks are spring actuated for quick, precise closure when flow into the valve stops or reverses.
- This training prop uses the L7579 as a liquid fill and vapor out adapter on the top of the tank.

Unloading adapter #3119A - Threads directly onto the 1 3/4" ACME male hose connection of the L7579

The unloading adapter can be used to withdraw vapor or liquid provided the container is equipped with a dip pipe extending from the filler valve to the bottom of the container (this prop does NOT have a liquid withdrawal pipe in this location).

Unloading adapter #3121

Threads directly onto the 1 3/4" ACME male hose connection of the L7579

The unloading adapter can be used to withdraw vapor or liquid provided the container is equipped with a dip pipe extending from the filler valve to the bottom of the container (this prop does NOT have a liquid withdrawal pipe in this location).

Liquid Withdrawal

Top of tank

- 7579U Chek-Lok® Excess Flow Valve (a) requires a Rego 7590U-10 adapter (b).
- Chek-Lok® Excess Flow Valves do not use ACME thread.
- The 7590U and 7591U Chek-Loks® are also designed for use on permanent installations provided the excess flow valve is sized properly for the system and piping.
- The unloading adapter can be used to withdraw vapor or liquid provided the container is equipped with a dip pipe extending from the filler valve to the bottom of the container (this prop does have a liquid withdrawal pipe in this location).
-

Bottom of tank

Double-Check Fill Valve, L7579 Fill/Vapor withdrawal

Top of tank

- Double back check provides added system protection.
- Both checks are spring actuated for quick, precise closure when flow into the valve stops or reverses.
- The unloading adapter is used to withdraw liquid from the bottom of the container.

Liquid leak options

Two options exist under the tank in the form of cable operated internal valves. Each internal has a ball valve the provides remote shutoff control options. A 1-3/4 inch male ACME connection is used to attach leak orifice that will provide the leak volume.

- i. 2-inch internal valve
- ii. 1-1/4 inch internal valve

(i) and (ii) both have emergency shut off cables connections on both sides of the prop

Leak Mitigation Using Water Injection

Course length: 8 hours

Single or multiple days

DRAFT MINUTES -

THE PERSHING COUNTY LOCAL EMERGENCY PLANNING COMMITTEE AND PERSHING COUNTY EMERGENCY MANAGEMENT COMMITTEE MET IN A QUARTERLY SESSION ON OCTOBER 5, 2022, AT THE PERSHING COUNTY COURT HOUSE, ROUND ROOM AT 3:00 P.M.
PRESENT:

Sean Burke, Chairman, Civil Defense
Jerry Allen, Law Enforcement
Rodney Wilcox, Fire
Rich Wagner, EPCRA
Marti Nolan, First Aid (via zoom)
Debra Reid, Broadcast/Media (via zoom)

Larry Rackley, Elected Local
Lorin Bianchi, Hospital
Dan Murphy, School District
Mike Mancebo, LPD (via zoom)
David Skelton, Elec State Alternate (via zoom)
Cheryl Haas, Health Nurse (via zoom)

PUBLIC PRESENT: Justin Abbott, PC IT

PUBLIC PRESENT:(via zoom) Emily Gould, NV
DPBH, Sheri Brueggemann, SERC

Meeting was called to order at 3:05 pm by Chair, Sean Burke - A quorum of twelve (12) voting members were present. Pledge of Allegiance.

Public Input: None

Minutes: After discussion, Rodney Wilcox made a motion to approve the minutes as corrected from 7/6/2022. Lorin Bianchi seconded the motion. Motion passed.

Grant Status: Sean Burke gave member handouts for his power point presentation on existing and new grants. *(Handouts for the grants and training schedule were also emailed to members prior to the meeting)*

Existing grants EMPG, SERC OPTE, SERC UWS.

**After discussion Lorin Bianchi made a motion to approve the submission of the FFY 2022 HMEP Mid-Cycle grant. Dan Murphy seconded the motion. Motion passed.*

New EM grants SERC HAZMAT, USFS(CWDG), FEMA: Funding amounts, equipment and or services regarding the new grants were discussed.

Training/exercise schedule: A copy of the after-action report for the Hazmat exercise held on September 10, 2022, and the proposed 2023 and 2024 training schedule was given to members for any discussion or questions. Members were asked to review and provide any feedback within the next week or two.

FLU POD: The flu pod is this Friday, October 7th from 3 to 7 PM at the Community Center. Same set up as last year.

EOC Status: Dave Skelton reported that they are still working on getting a few items such as TV antennas, TV, phone lines and 800 radios installed.

Board Discussion: Updating the Alert Sense system was discussed. Administrators need to login and update current contact information. It was agreed to have this be standing item on January Agendas.

Legal counsel comments: None

Public Input: Sheri with the State thanked Sean for his participation at the last workshop. She reminded members that this is part of grant requirements. An Active Shooter Advance training is scheduled for November 7-9, 2022. For information on other upcoming trainings contact Lori the Training officer.

Quarterly meeting is scheduled for January 4, 2023, 3PM, Courthouse Round Room.

Meeting was adjourned at 4:05 pm.

GRANT ACTIVITY

PERSHING COUNTY EMERGENCY MANAGEMENT

- **EMPG**
 - EM salary, EOC, AlertSense, SAT phones, EOP revision
 - FFY 2020 - \$12,500 (Closed Out)
 - FFY 2021 - \$24,160 (Finalizing)
 - FFY 2022 - \$24,000 (Pending Approval)
- **SERC OPTe - \$28,990**
 - \$24,990 expended (3 x SCBAs)
 - \$4,000 for admin costs remains
- **SERC UWS - \$29,588**
 - Pends radio purchase for PCSO

EXISTING EM GRANTS

As of 5 Oct 2022

1. SERC HAZMAT Emergency Preparedness (HMEP)
\$10,843
 - a) Requesting LEPC approval for SERC submission
 - b) Propane hazard trainer for Pershing VFDs
 - c) Dates of execution TBD
2. USFS Community Wildfire Defense Grant (CWDG)
\$20,000
 - a. Development of Community Wildfire Protection Plan
 - b. Pershing likely a high priority
 - c. 1 year for plan, opens additional funding for remediation
3. FEMA Building Resilient Infrastructure & Communities (BRIC) Grant
 - a. Linked directly to Hazard Mitigation Plan (completed Tri-County Plan in 2021)
 - i. Our priorities include drought, earthquake, wildfire, flood
 - b. \$2.3B available nationally, \$2M guaranteed for NV
 - c. "Scoping" grant funds to refine HMP projects

NEW EM GRANTS

Proposed for 2022 / 23 and beyond

Nevada Division of Emergency Management / Homeland Security

SERC

Dear Sean,

The Division of Emergency Management (DEM) has received and reviewed your request to deliver the "Propane Response – 101 to Advanced Tactics- Responder Training". Unfortunately, we do not provide this type of training, nor do we have access to obtain this training.

We support your pursuit of funding of this training through the State Emergency Response Commission grant process to enhance responder development.

Please let me know if you have any questions.

Sincerely,

Lori L. DeGristina

State Training Officer

Sean M. Burke, Director
Pershing County Emergency Management
P.O. Drawer E
Lovelock NV 89419

RECEIVED
DEC 14 2022
NEVADA
SERC

Dear Mr. Burke,

The Nevada State Fire Marshal Division has received and reviewed your request dated December 12, 2022 wherein you requested assistance to fund training for "Propane Response - 101 to Advanced Tactics - Responder" training. After reviewing the information provided by the Owner of Responder Training, the Division has found this training to be of great value to the Pershing County as well as other local responders.

Unfortunately, the Division is unable to provide the propane response training immediately due to budget constraints. Training & Certification Bureau is prepared to answer requests for Hazardous Material training given sufficient time to navigate the State of Nevada purchasing or contract process. The Division encourages and supports your pursuit of funding through the State Emergency Response Commission (SERC) grant application.

We certainly hope you are successful in acquiring the funding for this valuable training. Should you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dennis Pinkerton".

Dennis Pinkerton, Bureau Chief
Training & Certification Bureau
Nevada State Fire Marshal Division

Subject: RE: Estimate 1505 from Responder Training Enterprises, LLC

Good Morning,

Again, my apologies for missing the decline letters earlier.

With the Fire Marshal's response that they will be able to provide the training, the SERC will not be able to review/fund the training request application and the Funding Committee meeting has been cancelled.

If you have any questions, please let me know.

Thanks,

Good day Dennis and Lori,

I am trying to obtain a grant for propane fire training from the SERC HMEP grant. I am requesting a letter stating that State Fire Marshall and DEM cannot provide this particular training. This is a requirement to obtain the grant funding. The particulars of the class can be found at: [Propane Response - 101 to Advanced Tactics - Responder Training](#)

Please let me know what you need from me in order to obtain a letter of refusal.

Thanks.

Good morning Mr. Burke,

The Fire Marshal Division will not be providing a letter of denial as the division has been providing this type of training throughout the State Of Nevada at no cost to Nevada First Responders for over 20 years. The division, with the cooperation with the Nevada Board for the Regulation of Liquefied Petroleum Gas developed the course and it's associated "live fire props" to ensure the proper response to LP-Gas emergencies.

The Division is prepared to provide the LP-Gas Live fire training program to Pershing County upon request. Prior to being permitted to participate in live fire training evolutions, all participants shall have received training to meet the requirements in accordance with National Fire Protection Association (NFPA) Standard 1403 chapters 4.3.1, and 4.3.2.1 through 4.3.2.5, as well as the Occupational Safety and Health Administration (OSHA) 1910.134 Respiratory Protection Annual Fit-Testing as required in the Nevada Revised Statute.

The Training and Certification Bureau is looking forward to hearing from you and providing the Pershing County First Responders the LP-Gas emergencies training. Should you have any questions, please feel free to contact the Training Bureau.

Thank you Mr. Burke, looking forward to talking with you.
Dennis

Good afternoon Tami,

Normally, when the LEPC request a denial letter from the State Fire Marshal, they submit a syllabus of the proposed training outlining the objectives, goals and results. That was not provided to this office and so the impression was left to be this training was one normally provided by the Division.

I became troubled when Mr. Burke stated in an email that this training was deemed valid for Las Vegas Fire. Due to the vagueness of this request, I called and talked to Ron, the Owner of Responder Training, Propane Response and discussed the training which was requested and he intended to instruct in Pershing County. Mr. Huffman's planned training is concerning a "flaring" operation that can change a propane leak into a water leak. The training Mr. Huffman proposed is proprietary is not the type of training the Division and the Nevada Board for the Regulation of Liquefied Petroleum Gas provide statewide on a regular basis.

Hi Sean,

For the propane – if the amount is higher then what is on your application when you receive the quote you can update page 1 and page 7 of the application, however if you update it, we need the information by no later than 12PM on Friday November 4, 2022 as we will be sending out the meeting invites and approved agenda on Monday November 7, 2022. Once the application is approved by the funding committee what ever amount is requested is what can be reimbursed. If the approved amount is \$500 and the final cost once the training is complete is \$550 the county would be responsible for the \$50 overage.

The Assurance – If you are okay with the submitted signature page meaning you understand the changes, then no you do not need to re- do the Assurance.

Please let me know if you have any other questions.

Thank you,

OK, thanks.

I'll start working on the propane quote. How will that work for the grant since the price is likely to change between the now and when the training is conducted?

Do you need me to re-do the assurances? I thought I got the application package off your web site, but maybe the changes came out after I submitted? Are the most current forms on your web site now?

Good morning,

I reviewed the HMEP Mid-Cycle Application for Pershing County.

For the certified assurance – we received the signature page, however it is not matching up with the updated application on the SERC website. There have been some updates added to the Certified Assurances for LEPCs. I want to make sure you were aware of those changes.

We need a quote for the propane delivery for training prop for \$500.

If you have any questions, please let me know.
