SERC has developed this application kit as a template for Local Emergency Planning Committees (LEPCs) to apply for the UWS Planning, Training, Supplies and Equipment (UWS) Grant. Application and award of grants are managed pursuant to SERC policy 8.2a. The source of funding is derived from fees collected from the sale and annual renewal of United We Stand specialty license plates. As these are State funds, there is no Catalog of Federal Domestic Assistance (CFDA) number associated with this grant.

The grant project period is expected to be July 13, 2026, to May 31, 2027. Grant funds are distributed on a reimbursement basis; however, the LEPC may request advance funding for expenses over \$2,000, policy 8.5.

I. GOALS:

Tell the SERC what you want to accomplish with this grant. **Provide a separate discussion of each goal and justify its need to support preparedness to combat terrorism.** The goals are general statements of desired results and identify intended outcomes the program has established to achieve. Justification to support preparedness to combat terrorism must be addressed.

Click inside gray box to begin typing

Enhance interagency search and rescue, structural integrity assessment, and field communications during suspected terrorist incidents or mass casualty events in Elko County.

II. OBJECTIVES:

How do you plan to achieve the goals listed above? Include specific uses of this grant funding to support preparedness to combat terrorism. Objectives focus on the methods/activities to be used to achieve the goals they support.

Answer these questions in each objective:

- ✓ *WHAT* will be purchased with these grant funds?
- ✓ *WHO* will complete the purchases awarded?
- ✓ *WHEN* will the purchases be made and the activity implemented?

Purchase seven (7) thermal imaging bundles to equip frontline units. These will be used to identify heat signatures in low-visibility environments, locate victims/suspects, and detect hidden threats (e.g., IED components or fire spread) during tactical responses.

Implement two (2) Starlink Mini satellite communication systems to ensure redundant, high-speed data and voice connectivity for incident command in remote areas where standard cellular infrastructure is absent or compromised.

III. UNITED WE STAND PRIORITIES, (to combat Terrorism):

Identify how *each* item (or category of items) requested addresses at least one of the United We Stand, to combat Terrorism priorities.

UWS Priorities.pdf

The 7 TICs will enhance the ability of County Fire and Law Enforcement to respond to acts involving violence or destruction of infrastructure. Specifically, these units allow responders to locate victims in zero-visibility environments, detect heat signatures of potential incendiary/explosive devices, and ensure structural integrity during search and rescue operations following a tactical incident

The 2 Starlink subscriptions will provide high-speed data connectivity which is a primary requirement for a Unified Command structure during a large-scale incident. The Starlink Mini systems provide a redundant, high-bandwidth communication path in remote areas of Elko County where cellular infrastructure may be targeted, impaired, or non-existent. This ensures real-time data exchange for incident mapping, patient tracking, and resource requests during a multi-agency response to a terrorist threat.

IV. BUDGETS:

Please prioritize your request as awards may need to be reduced based on available funding. Do not round the unit prices or the line-item totals. Round up the grand total of each category to the nearest dollar.

Click inside gray box to begin typing

Supplies/Services: Starlink Mini Subscriptions

- The request for \$1,200.00 covers a 12-month high-speed satellite internet subscription for two (2) Starlink Mini units (estimated at \$50.00/month per unit). This estimate is based on current market rates for mobile emergency service data plans.
- Reliable communication is the backbone of incident command. Elko County contains vast remote areas where standard cellular and radio infrastructure is unreliable. During a terrorist incident or mass casualty event, traditional towers may be overwhelmed or targeted. These Starlink subscriptions provide a redundant, high-bandwidth data path that ensures Unified Command can maintain real-time access to incident mapping, state/federal databases, and patient tracking systems from any location in the county.

Equipment: Thermal Imaging Cameras (TICs)

- The request for \$30,793.00 is based on a competitive quote (Quote No. 388882) provided by L.N. Curtis & Sons, valid through June 30, 2026. This funding will procure seven (7) Yellow TXS Thermal Imager XS Bundles at a unit price of \$4,399.00. This bundle includes the TIC, a dual-bay charger, two lithium-ion batteries, and a retractable lanyard. Transportation and shipping costs are included in this total.
- These TICs are essential for "all-hazards" emergency response in Elko County. In the context of terrorism preparedness (NRS 202.4415), these devices allow responders to quickly identify heat signatures in obscured or low-visibility environments, critical for locating victims or suspects during tactical entries or after an explosive incident. Furthermore, they are vital for detecting hidden fire spread in critical infrastructure following a targeted attack.
- While primarily assigned to County Fire Protection units, these devices will be made available for law enforcement duties. This cross-disciplinary utility enhances search and rescue capabilities and suspect tracking during high-priority interagency operations.

Planning:

Requests to contract with a consultant must be accompanied by at least two competitive bids. The bids must include an itemized quote and detailed scope of work from the consultant.

Training:

All training requests must first be made through the Department of Emergency Management (DEM). If the DEM declines the training, the request may be included in the grant application along with the letter of declination.

Requests to contract to provide training must be accompanied by at least two competitive bids. The bids must include an itemized quote and detailed scope of work from the consultant.

State per diem rates (which generally follow the federal GSA rates; (<http://www.gsa.gov>) will prevail unless local rates are less. Travel eligibility requirements and rates are further defined in SERC policy 8.5. The rates listed below are for calendar year 2023 only and are subject to change.

*If a privately owned vehicle is used for agency convenience, mileage may be reimbursed at the State rate, currently **.655** cents per mile. If a personal vehicle is used for personal convenience, the reimbursement allowed is **.3275** cents per mile. If an agency vehicle is used, reimbursement may be made for fuel charges based on receipt or agency fuel logs. Airport parking (**most economical lot only**) and ground transportation expenses are reimbursable upon presentation of receipts. Rental cars must be pre-approved by the SERC.*
