

**STATE EMERGENCY RESPONSE COMMISSION
2025 SERC GRANT APPLICATION
TITLE PAGE**

Applicant: Carson City LEPC

Address: 777 S. Stewart St Carson City, NV 89701

Local Emergency Planning Committee (LEPC) Chair:

Name: Sean Slamon

Title: Fire Chief

Address: 777 S Stewart St

City/Zip: Carson City, NV 89701

Phone: 775-283-7722

Fax: 775-887-2209

E-mail: sslamon@carson.org

Fiscal Officer:

Name: Christy Runyon

Title: Senior Office Specialist

Address: 777 S Stewart

City/Zip: Carson City, NV 89701

Phone: 775-283-7145

Fax: 775-887-2209

E-mail: crunyon@carson.org

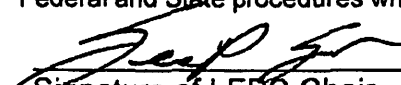

Budget Summary:

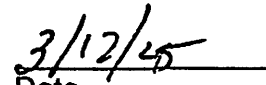

Planning	Training	Equipment	Operations	Total*
	3,825.00	24,704.23	4,000.00	\$32,530.00

Round up total* to the nearest dollar

LOCAL EMERGENCY PLANNING COMMITTEE APPROVAL:

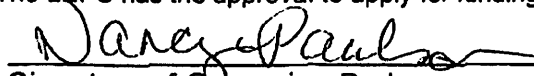

On behalf of the LEPC, I certify this body has reviewed this grant application and agrees to abide by the Federal and State procedures which are related to the acceptance of funds.

Signature of LEPC Chair

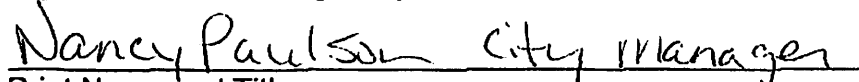

Date

GOVERNING BODY APPROVAL: (i.e. County Commissioner, County Manager)

The LEPC has the approval to apply for funding through this grant.

Signature of Governing Body

Date

Print Name and Title

I. GOALS:

Tell the SERC what you want to accomplish with this grant. Provide a separate

discussion of each goal and justify its need towards the prevention, mitigation and/or response to hazardous materials incidents involving transportation.

The goals are general statements of desired results and identify intended outcomes the program has established to achieve. Justification to prevent, mitigate and/or respond to hazardous materials incidents must be addressed.

Goal 1: (Response) The primary goal is to purchase the Dual HazSim Pro 3.0 system to effectively simulate real-world hazardous responses in training scenarios. This will allow our maintenance cost on our current Air Monitors to decrease significantly while enhancing the realism and effectiveness of our training programs. As the lead agency for our Quad County Hazardous Response team, this will keep all team members current on training and response techniques. We aim to ensure all members are proficient in the latest hazardous materials response techniques. This will enhance our overall capability to manage hazardous materials incidents, ensuring safer outcomes for our community. Additionally, this system will help improve our response times and preparedness for actual hazardous materials incidents, ensuring a higher level of safety and readiness for our team and community.

Goal 2: (Response) The secondary goal is to purchase the sensors needed along with the gas to effectively calibrate the equipment to keep it in optimal working condition. Each of Carson City's first-out apparatus is equipped with a MultiRae gas detection monitor that requires regular maintenance and calibration to ensure accuracy during hazardous materials incidents. Additionally, we aim to provide comprehensive training for our team to ensure they are proficient in using and maintaining the equipment. Our overall objective is to enhance the readiness and capability of our first responders in handling hazardous materials incidents efficiently and safely. This goal will significantly improve our response times and the accuracy of our hazard assessments, ultimately leading to better protection of our community. Regular maintenance and calibration are crucial to guarantee reliability and ensure our equipment is always ready for deployment.

Goal 3- (Training) Provide an opportunity for Carson City Fire Department or LEPC members to attend training opportunities related to Hazardous Material Response.

II. OBJECTIVES:

How do you plan to achieve the goals listed above? Include specific uses of this grant funding to prevent, mitigate and/or respond to hazardous materials incidents.

Objectives focus on the methods/activities to be used to achieve the goals they support.

Answer these questions in each objective:

- ✓ *WHAT will be purchased with these grant funds?*
- ✓ *WHO will complete the purchases awarded?*
- ✓ *WHEN will the purchases be made and the activity implemented?*

Goal 1 Objectives- Purchase the Dual HazSim Pro 3.0 from HazSim LLC. Once received, we will provide the necessary training to the Haz Mat Team and place it into active service immediately for continued hands-on training. This purchase will be made by Technician Clayton Peterson and overseen by Battalion Chief Kevin Nyberg.

Goal 2 Objectives- Purchase the necessary sensors to keep our Multi Rae gas detection monitors fully operational while using the purchased acquired gas to effectively keep the monitors calibrated. This will ensure that our team can accurately detect harmful gases during emergency responses, enhancing

safety and efficiency. This purchase will be made by Technician Clayton Peterson and overseen by Battalion Chief Kevin Nyberg.

Goal 3 Objective- Carson City Fire Department will register five (5) people for Fire Shows West under the Hazardous Materials Track 2025. The registration will be made by Senior Office Specialist Christy Runyon

Equipment, gas sensors, calibration gas, and registration purchases will be made after notification of funding after July 1, 2025, in accordance with grant requirements. Equipment and calibration equipment will be purchased and placed in service when received within the grant.

III. BUDGETS:

Planning:

Requests to contract with a consultant must be accompanied by at least two competitive bids. The bids must include an itemized quote and detailed scope of work from the consultant.

Training:

All training requests must first be made through the State Fire Marshal's office (SFM) and the Department of Emergency Management (DEM). If the SFM or DEM declines the training, the request may be included in the grant application along with the letter of declination.

Requests to contract to provide training must be accompanied by at least two competitive bids. The bids must include an itemized quote and detailed scope of work from the consultant.

State per diem rates (which generally follow the federal GSA rates; (<http://www.gsa.gov>) will prevail unless local rates are less. Travel eligibility requirements and rates are further defined in SERC policy 8.5. The rates listed below are for calendar year 2024 only and are subject to change.

*If a privately owned vehicle is used for agency convenience, mileage may be reimbursed at the State rate, currently .67 cents per mile. If a personal vehicle is used for personal convenience, the reimbursement allowed is .335 cents per mile. If an agency vehicle is used, reimbursement may be made for fuel charges based on receipt or agency fuel logs. Airport parking (**most economical lot only**) and ground transportation expenses are reimbursable upon presentation of receipts. Rental cars must be pre-approved by the SERC.*

*Double click on any box to open an embedded Excel Spreadsheet to enter your data, when finish click anywhere outside the box to re-embed the data into the Word document and then **SAVE** your work!!!*

Equipment:

Equipment will be considered based on the state contract prices, as applicable. Please consult the State Purchasing Division's website at <http://purchasing.nv.gov/contracts/> to determine if your equipment may be eligible for the contract prices. If requesting an item from a state contract, please include a copy of the webpage with your application. Equipment requests other than those on the state's contract or higher priced than those on this list must be accompanied by a quote from the vendor and justification. Quotes for items not on the state's contract must be dated/active within 30 days of the open allocation cycle. Communications equipment is subject to the completion of the attached Communications Interoperability Questionnaire.

IV. BUDGET NARRATIVE

This is an explanation of the line items identified in each category. The budget narratives must explain the use of the requested grant funds. Budget narratives must be included for each category for which there is a request for items/services. Justify the relationship between the items listed within each category and the goals and objectives of this grant request. The budget narratives must tie each item requested to the goals and objectives of this project.

Planning -

Explain the basis for selection of each consultant and describe how the service to be provided is essential to achieving established goals. Provide an explanation if the planning request does not correspond with the declared level of response due to formal agreements with other entities.

Click inside gray box to begin typing

Not applicable

Training -

Explain the purpose of the training and how it relates to achieving established goals. Provide location of training, duration, itemized transportation and per diem expenses. If applicable, attach a copy of the letter from the SFM and/or DEM. Provide an explanation if the training request does not correspond with the declared level of response due to formal agreements with other entities.

Grant funds will be used to pay registration fees for Carson City Fire Department members or LEPC members attendance at Fire Shows West.

Fire Shows West offers a Hazardous Materials emphasis track that provides a variety of specialization instruction in the area of Hazardous Materials Response. The classes range from first in company officer to extensive special hazardous materials situations. Other topics usually include lithium ion battery hazards and industrial business inspection.

Fire Shows West is scheduled to be held in September 2025 in Reno, NV.

Equipment -

Describe the equipment and how it will benefit the project, and why it is necessary to achieving established goals and objectives. Provide an explanation if the equipment request does not correspond with the declared level of response due to formal agreements with other entities

Dual HazSim Pro 3.0 System-

After recent training, Carson City Fire Department Technicians saw an area to improve training by making the scenario as realistic as possible. The Dual HazSim Pro 3.0 System will enhance this realism by providing accurate, real-time hazard simulations. This advanced system allows trainees to experience true-to-life scenarios, thereby improving their response skills and readiness for actual emergencies. This equipment is essential for achieving our training objectives, as it bridges the gap between theoretical knowledge and practical application, ensuring our Hazmat team is well-prepared for any situation.

Calibration Sensors and Calibration Gas-

Carson City Fire Department is requesting funding to keep our Multi Rae gas detection monitors up-to-date and fully operational. These monitors are crucial for detecting hazardous gases in emergency situations, ensuring the safety of both our team and the public. By maintaining these monitors, we can accurately identify and respond to various chemical threats, enhancing our overall emergency response capabilities.

Operations -

A detailed Justification is necessary if requesting funds for clerical assistance. Describe how salaries will be determined. Funds for clerical assistance are not automatic and are subject to SERC approval.

CERTIFIED ASSURANCES For LEPCs

Grant Title: 2026 SERC Grant

Upon acceptance of funding from the State of Nevada Emergency Response Commission (SERC), the applicant and the lead governmental unit hereby agree to the following Certified Assurances governing the awarding of funds:

- A) The applicant assures compliance with the Nevada Administrative Code (NAC) 459.9912 et seq. and SERC policies found at <http://serc.nv.gov>.
- B) **FINANCIAL REPORTS** – The recipient is required to submit, at a minimum, quarterly financial reports to the SERC. Reporting must be made in accordance with all applicable federal, state, and local laws and regulations, and SERC Policies 8.5 and 8.6.

No expenditures or obligations will be eligible for reimbursement if occurring prior to or after the award period. All funds need to be obligated by the end of the grant period and expended by the final report date as stated in the grant award cover letter. Failure to submit proper reports pursuant to current policies may jeopardize future funding from the SERC and could result in a denial of reimbursement of funds expended. Failure to comply with this requirement can result in the delay or denial of future reimbursements.

- 1) **Request for advance:** May be requested only if expenses total over \$2,000.00 and is accompanied by a dated purchase order or quote. Complete and submit a financial report form with the appropriate "request for advance" box checked.
- 2) **Report on expenditure of advance:** Show the actual expenditure of the advanced funds. Complete and submit a financial report form with the appropriate "report on expenditure of advance" box checked. This report is due **within 30 days** of the date of the advanced check and must include copies of dated invoices and proof of payment. If the amount advanced is more than the amount spent or the advanced amount is not spent within the 30 days, the unexpended funds are to be returned to the SERC within 45 days* of the date of the check.
- 3) **Request for reimbursement:** Complete and submit a financial report form, at a minimum quarterly, for all expenditures funded by the grant. Include a summary breakdown of expenses, copies of dated invoices, proof of payment and any other documents required by SERC policies. Any other form of documentation for expenditures must be approved by the SERC staff. If additional non-federal funds or resources are used toward the project, report those expenditures as a **match** in the appropriate line on the report form.
- 4) **Quarterly report required:** If there are no expenditures within the quarter, a report with an explanation of why and the plan for future expenditures is due by the end of the month following the end of the quarter. Due dates for quarterly reports are as follows:

October 31 - for reporting period July 1 to September 30;
January 31 - for reporting period October 1 to December 31;
April 30 - for reporting period January 1 to March 31; and
July 31 - for reporting period April 1 to June 30.

- 5) **Final report:** There will be no further expenditures, the grant is closed, and no further reports are necessary. This report is due within 30 days after the end of the award period, or any time prior to the end of the award period if no further funds will be spent. Once the final report is processed there will no additional draws allowed for the sub-grant. If reporting is not in by the final date, the remaining funds will be de-obligated.
- C) **EXERCISE REPORTS** – To be eligible for grant funding, the LEPC must report to the SERC by January 31st of each year on at least one real event and/or tabletop, functional, or full-scale exercise or drill which utilizes and implements the hazardous materials emergency response plan. An exercise is required at least once every year with every key element of the plan being implemented in the exercises within three years.
 - D) **GRANT CHANGE REQUEST** – Grant expenditures are authorized for the purposes set forth in this application, as approved in the grant award, and in accordance with all applicable laws, regulations, and policies and procedures of the State of Nevada and the applicable federal granting agency. Requests for change in the project must be submitted to the SERC and approved in writing prior to its implementation. Approval may be required by the Funding Committee if the change is significant, SERC Policy 8.7.
 - E) The applicant must comply with the provisions for sub-awards stipulated at 2 *CFR* 200.311. The applicant assures the fiscal accountability of the funds received from the State Emergency Response Commission will be managed and accounted for by the lead agency's chief comptroller. Internal control and authority to ensure compliance with SERC's documentation, record keeping, accounting, and reporting guidelines will reside with that individual.
 - F) SERC will **reimburse** the **recipient** reasonable, allowable, allocable cost of performance, in accordance with current federal requirements, Nevada Revised Statute, Nevada Administrative Code, State Administrative Manual, SERC policies and any other applicable fiscal rules, not to exceed the amount specified in the total award amount.
 - G) The applicant assures it shall maintain data and information to provide accurate financial reports to SERC. Said reports shall be provided in form, by due dates and containing data and information as SERC reasonably requires to administer the program.
 - H) The applicant will give the SERC, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the grant or grant requirements. The Uniform Guidance/OMB Guidance provides greater clarity to the role and expectations for pass-through entities conducting oversight of sub-recipients. The Uniform Guidance/OMB Guidance expands on the responsibilities of pass-through entities by providing a more robust system of oversight and monitoring. (see section 200.330 and section 200.331)
<http://www.gpo.gov/fdsys/pkg/CFR-2014-title2-vol1/pdf/CFR-2014-title2-vol1-sec200-331.pdf>

- I) The applicant assures financial reports shall be submitted within 30 calendar days of the end of each calendar quarter and within 45* days of the end of the grant period and shall be current and actual.
- J) The applicant assures funds made available under this grant will not be used to supplant state or local funds.
- K) The applicant assures compliance with 2 *CFR* 200.212 and 180, *Non-procurement Suspension and Debarment*. The applicant assures, through the submission of the grant application for funding, neither the lead agency, county government, any of its participating agencies, are potential vendors, contractors or providers debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in the transaction by any federal department or agency.
- L) The applicant assures that it will comply with Administrative Requirements 2 *CFR* part 200, *Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments* appropriate to the award as follows:
1. 49 *CFR* 110, *Hazardous Materials Public Sector Training and Planning Grants*
 2. 49 *CFR* 18, *Uniform Administrative Requirements for Grants and Cooperative Agreements to State, Local and Tribal Governments*
 3. 2 *CFR* 225, *Cost Principles for State, Local and Indian Tribal Governments*
 4. OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations* (now contained in 2 *CFR* 200)
 5. 49 *CFR* 20, *New Restrictions on Lobbying*
 6. 49 *CFR* 32, *Government wide Requirements for Drug-Free Workplace*
- M) The applicant assures compliance with the below in any programs and activities receiving federal financial assistance:
- Title VI of the Civil Rights Act of 1964*, which prohibits discrimination on the basis of race, color and national.
- 49 *CFR* 21, *Nondiscrimination in Federally Assisted Programs of the Department of Transportation, Effectuation of Title VI of the Civil Rights Act of 1964*.
- Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990*, which prohibits discrimination based on disability.
- The Age Discrimination Act of 1975*, which prohibits unreasonable discrimination based on age.
- Title IX of the Education Amendments of 1972*, which prohibits discrimination based on gender in educational activities.
- N) Any publication (written, visual, or audio) issued by the recipient describing programs funded whole or in part with federal funds, shall contain the following statement:
- "This program was supported by Grant # 26-SERC-__-__, awarded by the Nevada State Emergency Response Commission (and, if an HMEP grant, the U.S. Department of Transportation). Points of view or opinions contained within this document are those of the author and do not necessarily represent the official position of policies of the State Emergency Response Commission (and, if an HMEP grant, U.S. Department of Transportation)"

The applicant must provide a copy of any such publication to the SERC for the sub-grant file.

- O) The applicant fully understands the State Emergency Response Commission has the right to suspend, terminate or de-obligate grant funds to any recipient that fails to conform to the requirements or the terms and conditions of its grant award.
- P) **LOBBYING** - No grant funds appropriated will be paid, by or on behalf of the recipient, to any person for influencing or attempting to influence an officer, employee, or a member of Congress, or an officer, employee, or any member of the Nevada State Legislature or local government. The applicant will comply with provisions of Federal law, which limit certain political activities of employees of a state or local unit of government whose principal employment is in connection with an activity financed in whole or in part by Federal grants. (5 USC 1501, et seq.)
- Q) Project related income, (i.e., registration fees, royalties, sales of real and personal property) must be used for the purpose of furthering the goals and objectives of the project or program from which the income was generated. Interest earned must be returned to the State Emergency Response Commission.
- R) All activities and purchases utilizing any SERC administered sources of funding must comply with all local, state and federal laws and regulations as well as grant specific requirements. It is the responsibility of sub-grantees to be familiar with any such laws, regulations and requirements.
- S) Applicant understands that an updated addendum to the grant may be required based on the federal guidelines or state requirements between now and the time of the award documents based on requirements for State of Nevada or the federal sponsoring agency.

The applicant acknowledges receipt of these Certified Assurances and hereby assures adherence to all the above conditions of a grant award from the SERC.

LEPC COMPLIANCE CERTIFICATION

The following requirements must be met by the LEPCs for compliance with federal, State and SERC laws, regulations and policies and procedures. This checklist must be completed, signed and returned annually by March 31, even if the LEPC is not a recipient of grant funds.

A check mark in the squares on the left will indicate a YES response.

- ☒ Have changes in the LEPC Bylaws and Membership list been submitted to SERC?

Bylaws reviewed/updated -	Date: 12/03/2024	Submitted: 12/17/2024
Membership list reviewed/updated -	Date: 12/03/2024	Submitted: 12/17/2024

- ☒ Have LEPC meetings been held, at a minimum quarterly, and have agendas and minutes of all meetings, including special meetings, been forwarded to the SERC?

- ☒ Has the LEPC submitted all required reports which summarize the financial management of the active grants (i.e., copies of invoices and verification of expenditures)?

- ☒ Has the LEPC reviewed and updated its hazardous materials emergency plan (or hazmat portion of the jurisdiction's "all hazards" plan), NRT-1A, Level of Response Questionnaire and Letter of Promulgation within the last year? Have the review results and updates been submitted to the SERC in writing along with a copy of the LEPC meeting minutes documenting review of the Plan by January 31st?

Plan update -	Date: 12/03/2024	Submitted: 12/17/2024
NRT-1A update -	Date: 12/03/2024	Submitted: 12/17/2024
Level of Response Questionnaire update -	Date: 12/03/2024	Submitted: 12/17/2024
Letter of Promulgation update -	Date: 12/03/2024	Submitted: 12/17/2024

- ☒ Has the LEPC reported on at least one incident or exercise (exercise required at least every third year) of its hazardous materials emergency response plan by January 31st?

Indicate the date of the most recent exercise:	03/21/2024	Submitted: 12/17/2024
Indicate the date of an incident report used in lieu of an exercise:		Submitted:

- ☒ Has the LEPC met the annual requirement of publishing the Emergency Planning and Community Right-to-Know Act "information availability" in the local newspaper? Has the standard Affidavit of Publication been sent to the SERC?

Date of publication: 11/09/2024	Affidavit Submitted: 12/17/2024
---------------------------------	---------------------------------

- ☒ Has LEPC read SERC policies?

**DRAFT MINUTES
of the Meeting of the
Carson City
LOCAL EMERGENCY PLANNING COMMITTEE
December 3, 2024**

The Carson City Local Emergency Planning Committee held a public meeting on December 3, 2024, beginning at 1:30 p.m. in the meeting room of Fire Station 51, 777 S. Stewart Street, Carson City.

1. Call to Order

The meeting was called to order by Chair, Sean Slamon.

2. Roll Call and Determination of a Quorum

Voting members present were Nicki Aaker, Jason Aceves, Jon Bakkedahl, Ann Cyr, Andy Hummel, Kevin Nyberg, PK O'Neill, Sean Slamon, Sandy Wartgow, and Matt Williams which constituted a quorum. Non-voting member present was Dawn Johnson.

Voting members absent were Rick Cooley, Ernie Evans, Ken Furlong, Joe McCarthy, Jerome Tushbant, and Dave Yohey. Non-voting member absent was Keith Forbes.

Also present were Adam Tully (Carson City District Attorney's Office), Hal O'Brien (Nevada Division of Emergency Management (DEM)), Serge Duarte (Carson City CERT), Deni French, Lisa Christensen (Washoe Tribe of Nevada and California), and Christy Runyon (Carson City Fire Department).

3. Public Comment**

None.

4. For Possible Action: Approval of Minutes – September 3, 2024

It was moved by Ann Cyr, seconded by Sandy Wartgow, with all ayes in favor (*with the exception of Nicki Aaker who abstained because she was not in attendance at the September meeting*) that the minutes of the September 3rd meeting be approved as submitted.

5. For Possible Action:

5.a For Possible Action: Discussion and possible action regarding appointment of Jon Bakkedahl as the Alternate Chairperson for the LEPC with a term expiring December 31, 2026. (Sean Slamon)

The LEPC Bylaws require an Alternate Chairperson to be elected by majority vote for a two-year term, running from January through December. Jon Bakkedahl was elected as the LEPC's Alternative Chairperson through December 31, 2024.

It was moved by Andy Hummel, seconded by Ann Cyr, with all ayes in favor to appoint Jon Bakkedahl as the Alternate Chairperson for the LEPC with a term expiring December 31, 2026.

6. For Possible Action:

6.a For Possible Action: Discussion and possible action regarding annual review and submission of the LEPC's Membership List to the Nevada State Emergency Response Commission ("SERC"). (Sean Slamon)

The LEPC Bylaws and NAC 459.99132(3) require the LEPC to submit its Membership List to the SERC annually.

It was moved by Matt Williams, seconded by Ann Cyr, with all ayes in favor of submission of the LEPC's Membership List to the Nevada State Emergency Response Commission.

7. For Possible Action:

7.a For Possible Action: Discussion and possible action regarding annual review and submission of the LEPC's Bylaws to the Nevada State Emergency Response Commission ("SERC"). (Sean Slamon)

The LEPC's Bylaws require an annual bylaw review and NAC 459.99132(3) requires the LEPC to submit its Bylaws to the SERC annually.

It was moved by Andy Hummel, seconded by Jason Aceves, with all ayes in favor of submission of the LEPC's Bylaws to the Nevada State Emergency Response Commission.

8. For Possible Action:

8.a For Possible Action: Discussion and possible action regarding annual review and submission of the LEPC's Level of Response Questionnaire form to the Nevada State Emergency Response Commission ("SERC"). (Kevin Nyberg)

The SERC requires the LEPC to complete a Level of Response Questionnaire form annually.

Kevin reported that there were no major changes to this form. Carson City remains operating at a technician level.

It was moved by Jon Bakkedahl, seconded by Sandy Wartgow, with all ayes in favor of submission of the LEPC's Level of Response Questionnaire form to the Nevada State Emergency Response Commission.

Sean Slamon reminded everyone that Carson City is part of the Quad County Hazardous Materials Team along with Douglas, Storey, and Lyon Counties and the counties work together on any major incident and each county has technicians and capabilities. Carson City has the Hazardous Materials rig.

9. For Possible Action:

9.a For Possible Action: Discussion and possible action regarding review and submission of the Carson City Hazardous Materials Emergency Response Plan to the Nevada State Emergency Response Commission ("SERC"). (Kevin Nyberg)

NAC 459.99133 requires the LEPC to annually review and submit the Carson City Hazardous Materials Emergency Response Plan to the SERC.

Kevin Nyberg reported there were no major changes to the Plan, just date and personnel changes.

It was moved by Jon Bakkedahl, seconded by Andy Hummel, with all ayes in favor of approval of submission of the Carson City Hazardous Materials Emergency Response Plan to the Nevada State Emergency Response Commission.

Jon Bakkedahl asked when the Plan was due for rewrite; it was just rewritten in 2022.

10. For Discussion Only:

10.a For Discussion Only: Discussion and presentation regarding !CARSON, its current capability, the management team and the vision for its uses moving forward. (Jon Bakkedahl)

Jon reported that he wanted to bring to everyone's attention this new platform that was released a couple of months ago – Alert Carson. This is Motorola Raves platform and is similar to the surrounding counties that utilize it. A flyer was passed around and Jon said this was sent out in all Carson City Utility bills notifying residents of the change in the platform and their automatic addition to the current platform and also giving them the opportunity to opt out. 36,000 people have been added to the new system through the utility bills and the former Code Red system and only 18 have opted out. With that, Emergency Management is working with the public through several public workshops to get them to opt in themselves to build their profile through the reverse 911 system. This helps give first responders information.

An annual test of this was conducted prior to Nevada Day sending out the road closures and a map; this worked well. Public Works Water has used this at least five times for public water notifications on potential discoloration in water due to flushing in the wells. Departments will be able to utilize this as well for communications. A number of City departments have other platforms and once those contracts end, they will be able to use this. In September a banner will be posted on Carson Street for Preparedness Month. A training was conducted with the Quad Counties and Washoe County working with the vendor on the different capabilities that we can use to enhance our public communications.

PK O'Neill asked if those who are in apartments or mobile homes were notified. Jon responded that notification has been sent through social media, PSAs, the news and a media statement, and through hosting multiple public workshops. PK asked if information can be posted at the Senior Center.

PK inquired if NV Energy could tie into the program on their outages and warnings because he is getting complaints that NV Energy isn't notifying constituents, or they are getting notified after the power is out when PSOM events are conducted.

Jon noted that Emergency Management took a number of complaints as well from the Board. Jon said the PSOM event was the first ever exercise of that system and NV Energy wasn't sure where the transmissions would end, and they were off by a few houses. He said they collected that data and gave it to NV Energy to correct it. They have their own notification system but we can send something out to let people know this is coming in specific areas assisting in broadcasting their information as well.

Sean Slamon complimented Jon on this. He said it has been a tremendous lift and internally departments have their own needs. Public Works, Fire, Law Enforcement, Emergency Management, and City Management are critical users on this and it has been a great effort by Jon and he has done a lot of work making this happen.

Lisa Christensen asked Jon to email this information to her so she can get it to her community. Jon said he did send it to Ken, but will send it Lisa as well.

11. For Discussion Only:

11.a For Discussion Only: Discussion and presentation on activities associated with the Citizen Corps Council Initiatives. (Jon Bakkedahl, Serge Duarte and Jerome Tushbant)

Serge provided an update on the following Community Emergency Response Team (CERT) activity for the quarter:

- Provided emergency preparedness materials to the community by staffing tables at both Home Depots during National Preparedness Month in September
- Conducted a CERT Basic Training Academy in September, which graduated 12 community members and retained all as active members of CERT; Carson City CERT now has 41 active members
- Provided emergency preparedness materials to employees of Carson City during the employee health fair in September
- As a response to the Davis Fire in September, stood up and helped manage a large animal evacuation shelter at Fuji Park for a period of one week in close collaboration with Carson City Parks and NV Humane Society. At one point, the shelter housed 46 horses, 16 goats and one donkey
- Conducted the first regional volunteer organization flood tabletop exercise in October, attended by over 50 members from Carson City CERT, Carson City Parks, Carson City SAR, Carson City VIPS, Douglas County CERT, Douglas County Sheriff's Office Mounted Posse, Storey County VIPS, Washoe County CERT, Washoe Tribe CERT, NV DEM, and other organizations
- Acted as victims in support of the CCFD no-announce mass casualty incident exercise in October
- Participated as Parade Marshals and supported the Emergency Management EOC in support of the Nevada Day Parade in October

Serge then provided an overview for the next quarter for CERT:

- Support the Carson City Airport planning exercise in January
- Support the Carson High School tabletop exercise in January

- Support the NEPA conference in February
- Support the Lakeview evacuation tabletop exercise in March
- Conduct a CERT Basic Training academy for community members in March

Serge noted that since January 2024, Carson City CERT members have volunteered nearly 3,400 hours.

Sean Slamon gave kudos to Serge who has revamped and revitalized Carson City's CERT Program.

No Volunteers in Police Service (VIPS) update was given.

12. For Discussion Only:

12.a For Discussion Only: Reports of Committee Members.

Sean Slamon introduced Christy Runyon to the Committee. She will be taking over Admin Support of the LEPC. He asked all Committee members to state their name as they provide their report.

Sean provided an update on the Fire Department side noting that the new Station 55 on Butti Way is well under construction – roof is on, windows are in, and asphalt is in. The forecasted date for opening was August 1st but anticipating late spring/early summer that it will be open. The staffing is already online and supporting Department operations now. Nine additional members (three for each shift) were added in July of 2023, as the federal SAFER grant expired these positions were all moved to full time.

Currently a Regional Fire Academy is running which Carson City hosts. There are five agencies and Carson Fire has three members in this Academy.

Kevin Nyberg reported that Carson Fire just graduated two new HazMat Tech Members. The Department has some anticipated retirements coming in 2025 so they will take those spots. All drills and trainings have been completed in the Quad County for the year.

Sandy Wartgow reported that EMS did a no announce MCI drill with live victims and crews didn't know it was going to happen. Everyone did very well with this.

HeartStrong program is moving along. Carson Tahoe Hospital has designated staff to take the lead on that and getting out to businesses to seek interest and then in January teaching the public lay person CPR. Starting with major businesses first and then eventually moving to the general public.

Serge Duarte thanked the National Weather Service for their support to the flood exercise.

Jon Bakkedahl reported on the following for Emergency Management:

- The EOP (Emergency Operations Plan) is complete and going before the Board of Supervisors on December 19th. This will not be a public release document.
- The Evacuation, Flood, Mass Care, Animal Emergency Plans are all in draft, working with organizations and agencies who are responsible for these.

- Conducted an ICS class for elected and appointed officials and had a couple of Board members and several Department directors attend. There will be another class next week to facilitate the others who would like to attend.
- Two tabletop exercises were done prior to Nevada Day and a full-scale exercise at the Carson Mall, and multiple fall workshops locally were done as well as DEM.
- Carson City Parks requested a tabletop for Boonanza
- One activation on Nevada day
- Alert Carson – need people to sign up. Jon has done three interviews with the local radio station pushing that information out. Working with the Senior Center and doing a computer lab day to get people signed up.

Matt Williams reported that Western Nevada College is in the process of putting together a winter tabletop exercise for college leadership. They are also starting the rewrite of their organizational resilience plan.

Jason Aceves reported for Carson Tahoe Health they are turning on their new infant abduction system tomorrow which is an upgrade from the extremely old system they had. He will be redoing his HVAs this month for next year. He is working with the Quad County on the community MCI drill planned in April. He is completely revamping their EOP next year.

Hal O'Brien reported on the following for DEM:

- NDEM New Chief- Brett Compston as of November 3rd, Chief Fogerson enjoying retirement
- Mission Support available to support communications needs
- State-Wide 911 Program Coordinator Tawanna Gerchman is requesting feedback on the NG911 - email t.gerchman@dem.nv.gov
- Planning – Jurisdictional and Utility Emergency Response Plans or Certification of Review are due December 31st including Risk Resilience Assessment
- Grants- National Security Grant Program National Security Supplemental (NSGPNSS) - due December 3rd (For more information contact tobrien@dem.nv.gov)
- Prep/Ops: Mass Spectrometer Program transferred out of NDEM to DPS Investigations
- Grant funding opportunities: BRIC, FMA(NFIP) and HMGP Post Fire
- Approximately six million dollars available currently for post disaster grants will not have to go through the NHMWG to be reviewed and ranked, first come first serve basis
- Hired a new contractor Witt OBrien's to assist with building project and planning applications
- Weekly Pre and Post disaster grants training every Thursday from 10 to 11 AM
 - Rodney Wright is the new Watch Officer
- Training website is NVNTQS.net (refer to course schedule on website)
- New State Training Officer selected - name to be announced after processing. Also have a new Training and Exercise Supervisor.
- Readiness Day, second Wednesday of the month at 9AM
- PIO is working on Emergency Preparedness Guide graphics

PK O'Neill reported on the following for Legislature:

- Legislature is starting up in January
- The building will be in an acceptable usage form by then. The entryway and security will be there, and the 2nd and 3rd floors will be finished after session closes. There is still a considerable amount of interior construction going on.
- Finance Committees will start in January and session starts the first Monday in February
- If issues with bills, concerns, questions, feel free to contact him

PK asked if Carson Fire inspects the Legislative building and Sean responded no because it is a State building and State buildings don't fall under local jurisdiction, the State Fire Marshal would do that.

Sean Slamon said one of the challenges is the state has hundreds of millions of dollars in buildings and infrastructure here and the local jurisdiction gets no revenue from that to support that.

PK said they used to take breaks from the north and hold Committee meetings down south, they cannot vote on bills in the south, have to be in Carson to vote.

Dawn Johnson reported for the National Weather Service that there won't be snow for a little while, the valleys are cold, and the mountains are warm. Once weather is active Committee members can call the NWS 24/7 365. NWS is happy to participate in tabletops, exercises, etc. and they can also help put together scenarios for these exercises.

Ann Cyr reported that the School District is scheduling a full scale. They are waiting on a decision regarding an emergency grant they applied for that will provide funding to critical resource graphics.

Andy Hummel reported for Public Works that there was a PSOM last month and Public Works used this as an exercise. They deployed generators and made sure booster pumps and wells were operational for the long term if needed. These were all deployed and then they got the text from NV Energy that the PSOM was over. There are lots of new staff so this was good training.

Lisa Christensen reported for Washoe Tribe that they have communities in two different states and three different counties, and she deals with all of them. They just did a workshop for CERT, and she got a bunch of surveys back from their communities for specific trainings. She put a training calendar together. She has been working with gas stations to make sure they have MOUs in place for the diesel which runs their water pumps and gymnasiums for evacuation centers. Completed the great Nevada shakeout drill.

Nicki Aaker reported for Carson City Health and Human Services that in September Public Health Preparedness staff coordinated with the Sheriff's Office and conducted an active shooter training for long term care facilities and assisted living facilities. In September/October they did flu events administering flu and covid vaccines. These are opportunities for practice of a POD (point of distribution) event. In Carson this was done in the schools and also at some community events. These are done in the Quad Counties. Continuing to do outreach in the community and through September they had 11 outreach events.

13. For Possible Action:

13.a For Possible Action: Discussion and possible action regarding calendar year 2025 meeting dates of the LEPC.

It was moved by Jason Aceves, seconded by Jon Bakkedahl, with all ayes in favor to approve March 4, June 3, September 2, and December 2 as the LEPC meeting dates for 2025.

14. Public Comment:

Deni French reported that he had an opportunity to see a program that discussed women and smaller structured individuals getting turn out gear that was not protecting them because it didn't fit well. The scientists involved are building a better suit for female firefighters. He said the temperature between their suit if it is too big and the space between actually cooks them inside. He also mentioned a book called Burnt and that he had a season with the Department of Forestry, and people would possibly find interest in this program. Firefighter's suits and uniforms have a great jump right now in technology and it would be great to review them.

15. For Possible Action: To adjourn

It was moved by Ann Cyr to adjourn the meeting at 2:27 p.m.

Recorder: Shelby Ternes

**MINUTES
of the Meeting of the
Carson City
LOCAL EMERGENCY PLANNING COMMITTEE
September 3, 2024**

The Carson City Local Emergency Planning Committee held a public meeting on September 3, 2024, beginning at 1:30 p.m. in the meeting room of Fire Station 51, 777 S. Stewart Street, Carson City.

1. Call to Order

The meeting was called to order by Chair, Sean Slamon.

2. Roll Call and Determination of a Quorum

Voting members present were Jason Aceves, Jon Bakkedahl, Rick Cooley, Jeanne Freeman, Steve Funk, Andy Hummel, Kevin Nyberg, PK O'Neill, Sean Slamon, Sandy Wartgow, and Matt Williams which constituted a quorum. Non-voting member present was Dawn Johnson.

Voting members absent were Ann Cyr, Ken Furlong, Jerome Tushbant, and Dave Yohey. Non-voting member absent was Keith Forbes.

Also present were Adam Tully (Carson City District Attorney's Office), Hal O'Brien (Nevada Division of Emergency Management (DEM)), Serge Duarte (Carson City CERT), Buffy Linkul (The Salvation Army), Deni French, Lisa Christensen (Washoe Tribe), and Emma Nishinaka (Carson City Fire Department - former).

3. Public Comment**

Hal O'Brien reported from NDEM that mission support is available for communications needs. Their PIO continues to push out monthly events and activities and is translating evacuation plans and checklists in two languages. Planning COOP (continuity of operations plans) Training, there are two coming up and they are available on the NDNTQS website. There is a program on NevadaContinuity.com which is an online source for developing and maintaining COOP. Innovative preparedness workshops are in progress this week at DEM.

Deni French thanked the Committee for helping with his 911 concern about red flag days. He then reported his concerns about magnetic impulse issues and General Electric grid issues. Steve Funk asked Deni to send him an email with some of his communications concerns.

(PK O'Neill arrived at the meeting)

4. For Possible Action: Approval of Minutes – June 11, 2024

It was moved by Sandy Wartgow, seconded by Andy Hummel, with all ayes in favor (*with the exception of Jeanne Freeman who abstained because she was not in attendance at the June meeting*) that the minutes of the June 11th meeting be approved as submitted.

5. For Possible Action:

- 5.a For Possible Action: Discussion and possible action regarding changing the Local Emergency Planning Committee's community group representative from Immanuel Beeson of the Salvation Army to Ernie Evans of the Salvation Army.

Buffy Linkul, The Salvation Army Office Coordinator attended the meeting and reported that Ernie was unable to attend as he had another meeting he needed to attend. She said he sends his apologies.

It was moved by Jeanne Freeman, seconded by Rick Cooley, with all ayes in favor to appoint Ernie Evans as the community group representative to the LEPC.

6. For Possible Action:

- 6.a For Possible Action: Discussion and possible action regarding appointing Sara Evans of the Salvation Army as the alternate community group representative to the Local Emergency Planning Committee.

Sara was unable to attend the meeting as well.

It was moved by Steve Funk, seconded by Jon Bakkedahl, with all ayes in favor to appoint Sara Evans as the alternate community group representative to the LEPC.

(Jason Aceves arrived at the meeting)

7. For Discussion Only: Discussion and presentation on activities associated with the Citizen Corps Council Initiatives. (Jon Bakkedahl/Serge Duarte, and Jerome Tushbant)

Serge Duarte reported on the following Community Emergency Response Team (CERT) activity:

- Currently have 32 members
- Conducted two academies so far with a third starting September 12th
- Volunteers have donated over 2,100 hours since January 1st
- Conducted an evacuation center drill in May which was observed by the American Red Cross
- Attended the Carson High School Jealous Jerry full scale exercise
- Acted as medical victims for EMS assessments for CCFD

- Conducted a flag retirement ceremony on June 14th
- Participated in Sheriff's Night Out on August 6th
- Supported the emergency managers workshop in August
- Volunteers will be at both Home Depot stores on September 7th in recognition of national preparedness month – they will be distributing preparedness materials
- Participating in the Carson City Health Fair September 24th
- Will be parade marshals for NV Day Parade
- Will be having a regional flood tabletop exercise in October

Sean Slamon reported that Jerome Tushbant was unable to attend the meeting and no report was provided.

Jeanne Freeman commended Serge for his work on the Carson City CERT program and all he has done to represent Carson.

8. For Discussion Only: Next Meeting Date: December 3, 2024

9. Public Comment**

There were no public comments.

10. For Possible Action: To adjourn

It was moved by Jeanne Freeman to adjourn the meeting at 1:45p.m.

Recorder: Shelby Ternes

The Schedule

An official Program Guide will be released upon completion of final schedule. Dates and times of classes are subject to change.
